# GLIMRA

Control without a touch.

Hands-free presentation application powered by Presage SmartSpectra.

# HOW IT WORKS

## Intentional Eye Gesture Detection

Advance slides with a deliberate prolonged blink (350ms - 800ms). Involuntary blinks are automatically ignored.

# PRESENTER CONTROLS

## Instant Override & Keyboard Priority

Press Space or P to Pause/Resume tracking. Press Arrow Right/Left or PageDown/PageUp for physical navigation.

# PRIVACY BY DESIGN

## Zero Cloud Video Transmission

All camera frames are processed in local memory. Video is never saved to disk or streamed to external servers.

# READY TO PRESENT

Presage SmartSpectra SDK Challenge 2026

Import any PDF presentation deck or use this starter deck to begin.
